						Month	Year		Month	Year
Events										
Incorporating Social Impacts into Cost Benefit Assessment and Project Evaluation	RT	Designed to contribute to Forum 2011 and look at best practice in project appraisal.	C	2011	21-22 October 2010 at IMT, Queretaro, Mexico	December	2010	Oct-10	May	2011
The Regulator's Role in the Policy Process	RT	The limits to the independence of regulators and its importance for investment and economic sustainability in regulated railways and airports.	I		2-3 December 2010, Paris	February	2011	Dec-10	May	2011
Meeting Society's Transport Needs under Tight Budgets	RT/O	Joint seminar with Mexican Ministry. Contribution to preparation of 2011 Forum	I	2011	08/03/2011, Mexico City	April	2011			
Insurance and Road Crash Risks	RT	Making better use of insurance markets to incentivise safer driving and fund safety investments.	I	2011	22-23 September 2011 Paris	November	2011		March	2012
Assessing Transformative Investments in Urban Transport Infrastructure	RT/O	Joint seminar with the Societe du Grand Paris	P	2012	01/12/2011, Paris	February	2012		May	2012
Intermodal Rail Terminals, Competition and Improving Levels of Service	RT	Examining issues of access to intermodal terminals and regulatory policy.	P	2012	Jan-12	March	2012		May	2012

Project Title	Nature of Project RT: Round Table, WG: Working Group, O: Other	Short Description	Status C: Completed I: In Progress P: Planned	Forum Supported	Dates of Events	Report:		Close of Group	Publication:	
						Month	Year		Month	Year
PPPs Managing Risk and Optimism Bias	RT	Review of experience of managing PPPs, the pitfalls of risk assignment and traffic forecasts and how to address them.	P	2013	Sep-12	November	2012		April	2013
Enhancing Rail Capacity under Constrained Budgets	RT	Scope to be defined	P	2013						
Workshop on data and methodologies for effective climate change policy making	O	Advanced policies for climate change mitigation need reliable data that is often unavailable, the workshop will review critical data and methodological issues.	P							
Possible workshop on economic instruments for mitigation of CO2 emissions from aviation	RT/O	Scope to be defined.	TBD							
Groups										
Pedestrian Safety, Urban Space and Health	WG	Review of policies to improve the safety of pedestrians and promote walking.	I	2011	Walk21 The Hague 17-19 November 2010	October	2010	Jan-11		2011
Urban Cycling Safety	WG	Review of evidence based policy making for improving cycling safety as a key to promoting cycling.	I	2011	Meeting 7-8 April 2011, Seoul.	March	2011	Sep-11		2011
Assessment of Effectiveness of Road Safety Treatments	WG	Development of a method for making results of assessment for safety measures transferable between countries.	I	2011		October	2011	Dec-11		2011

Project Title	Nature of Project RT: Round Table, WG: Working Group, O: Other	Short Description	Status C: Completed I: In Progress P: Planned	Forum Supported	Dates of Events	Report:		Close of Group	Publication:	
						Month	Year		Month	Year
Long Life Pavement Surfacing	WG	Demonstration phase of research into new long lived asphalt and cement surfacings.	I		Meeting 22-23 June, Nantes.		2012	2012		2013
Motorcyclist Safety and Mobility	WG	Review of data and policies for safer motorcycling.	I		Meeting 10-11 March 2011, Rome.					
Infrastructure Adaptation to Extreme Weather and Climate Change	WG	Review of strategies and policies for adapting transport investments to climate change.	I		Nomination of members now open. First meeting 30 June 1 July 2011 Paris.					
Optimising Financial Resources for Road Maintenance and Development	WG	Review of new approaches to achieving more sustainable road and bridge asset maintenance and development.	P	2013	Nomination of members now open. First meeting September 2011.					
Advisory Group on Mitigating Noise	AG	Scope to be defined -- surface transport or aviation.	P							
Ongoing activities										
IRTAD International Traffic Safety Data and Analysis Group	O	Permanent group of experts developing road safety data with a database self-financed through subscription	I	2011	Meeting 31 March 1 April 2011 Paris.	Report on reconciling police and hospital data	2011		Dec	Annual
Global Fuel Economy Initiative	O	Partnership with IEA, UNEP, FIA Foundation following up on 2008 Forum research findings on low carbon vehicle technologies.	I	Multiple	Melbourne Conference and consultations 2-4 March 2011. Mexico workshop 10-11 March.	January	2011			
Statistics	O	Production of key statistics for making international comparisons.	I	Annually					May	Annual

Project Title	Nature of Project RT: Round Table, WG: Working Group, O: Other	Short Description	Status C: Completed I: In Progress P: Planned	Forum Supported	Dates of Events	Report:		Close of Group	Publication:	
						Month	Year		Month	Year
Outlook	O	Scenarios examining Forum themes using the MoMo model; monitoring trade/transport; household and travel surveys for 2011 Forum.	I	Annually					May	Annual
Forum Background Paper	O	Analytical paper providing the conceptual backbone for discussions at the Forum	I	Annually					May	Annual
Forum Workshops / Expert Sessions	O	Planning and running of research session in Leipzig.	I	Annually					September	Annual
ITRD International Transport Research Documentation	O	Permanent network maintaining a database self financed through subscription	I		Meeting 4-5 April, Paris					

Publication Schedule

	RT	Implementing Congestion Charges	September	2010
	AG	Rail Safety and Regulatory Reform	October	2010
	AG	Drugs in Traffic	October	2010
	O	IRTAD Annual Report	December	2010
	RT	Stimulating Innovation for Low Carbon Vehicles	January	2011
	WG	Moving Freight with Better Trucks	April	2011
	O	Transport Outlook	May	2011
	O	Trends in the Transport Sector	May	2011
	O	Key Transport Statistics	May	2011
	WG	WG Greenhouse Gas Mitigation Strategies	June	2011
	RT	Better Regulation: The Role of the Regulator	June	2011
