

Response to questionnaire for:

**Assessment of strategic plans and policy
measures on Investment and Maintenance in
Transport Infrastructure**

Country:

Montenegro

1 INTRODUCTION

Transport network in Montenegro is made of network in Road, Rail, Maritime and Air transport. Statistical Office of Montenegro, in department of Transport statistics, collect, prepare and publish data on infrastructure in each type of transport.

Transport network in road transport is based on collecting data on roads by type (Modern, Asphalt, Concrete, Tile, Gravel, Dirt and uncut roads), in km. Survey on Infrastructure in Rail transport contains data on effective length of tracks, in km. Railway in Montenegro does not have high speed lines, so Railway network is made of conventional lines.

Data on Infrastructure in Maritime transport contain informations about area of different type of warehouses and other areas used for Maritime transport.

Survey on air transport include data on airports areas, such as runway, taxiway and apron, the protective belt of runway, etc.

1.1 Infrastructure

| TYPE OF TRANSPORT | TYPE OF NETWORK | UNIT OF MEASUREMENT | 2011 |
|-----------------------------------|--------------------------------------|-----------------------------|------------------|
| ROAD | TOTAL | km | 7 835 |
| | <i>Motorways</i> | <i>km</i> | 0 |
| | <i>Paved road</i> | <i>km</i> | 5 436 |
| | <i>Unpaved road</i> | <i>km</i> | 2 399 |
| RAIL | TOTAL | km | 250 |
| | <i>High speed lines</i> | <i>km</i> | 0 |
| | <i>Conventional lines</i> | <i>km</i> | 250 |
| MARITIME¹ | TOTAL | thous. m² | 252 |
| | <i>Indoor warehouses</i> | <i>thous. m²</i> | 85 |
| | <i>Refrigerated warehouses</i> | <i>thous. m²</i> | 2 |
| | <i>Silos</i> | <i>thous. m²</i> | 30 |
| | <i>Reservoirs for liquid cargo</i> | <i>thous. m²</i> | 1 |
| | <i>Outdoor warehouses</i> | <i>thous. m²</i> | 134 |
| MAJOR AIRPORTS¹ | TOTAL | m² | 1 412 644 |
| | <i>Runway</i> | <i>m²</i> | 227 940 |
| | <i>Taxiway and apron</i> | <i>m²</i> | 148 704 |
| | <i>The protective belt of runway</i> | <i>m²</i> | 1 036 000 |
